

CITY OF DALLAS HOUSING FINANCE CORPORATION MULTIFAMILY FINANCING APPLICATION PROCEDURES AND REGULATIONS

I. INTRODUCTION

Thank you for your interest in the City of Dallas Housing Finance Corporation's Multifamily Finance Program. The City of Dallas Housing Finance Corporation (the "**DHFC**" or the "**Corporation**") was created as a public instrumentality and nonprofit corporation by the City of Dallas ("**City**"), pursuant to the Texas Housing Finance Corporations Act, Chapter 394 of the Local Government Code, as amended, (the "**Act**") to provide financing and refinancing (special conditions apply) for the cost of multifamily development and residential ownership within the City for persons of low- and moderate-income. This also includes housing for seniors, disabled, homeless, and other special needs to the extent authorized under the Act. The Act authorizes the Corporation to issue revenue bonds to accomplish such public purpose. Financing or refinancing through the DHFC is also available for any existing multifamily property located within the City that meets the requirements established herein. Pursuant to Council Resolution No. 012050, the City Council authorized the DHFC to amend its program policy (the "**Policy**") to permit mortgage revenue bond financing for development of new multifamily units to serve low- and moderate-income populations with special needs, such as senior citizens, independent and assisted living developments and housing for persons with household members with AIDS or other disabilities, located within the City of Dallas. On October 8, 2003, the Dallas City Council approved criteria for consideration of an exception to the Policy to provide financing for the new construction of multifamily developments providing housing for persons other than seniors or those with disabilities.

The primary goal of the DHFC is to support the broad goals of the City of Dallas' Comprehensive Housing Policy to:

- Create and maintain affordable housing throughout Dallas;
- Promote greater fair housing choices; and
- Overcome patterns of segregation and concentrations of poverty through incentives and requirements.

On February 28, 2007, the Dallas City Council approved an amendment to the Bylaws to allow the DHFC at any time and from time to time by a majority vote of the Board of Directors, to purchase, lease, own, hold title to, or otherwise acquire an interest in a residential development, directly or indirectly through a subsidiary of the DHFC, provided that the City Council, by resolution, prior to the transaction being consummated by the DHFC, (1) finds and determines that such transaction should be undertaken, (2) approves the form of the transaction; and (3) authorizes such purchase, lease or ownership of, holding title to, or acquisition of the interest in the residential development.

On June 26, 2019, the Dallas City Council approved an amendment to the Comprehensive Housing Policy that outlined Priority Housing Needs for multifamily developments or rehabilitation projects seeking 1) Resolutions of No Objection or Support from the City of Dallas and 2) to partner with the DHFC to develop and issue mortgage revenue bond financing for the project.

Priority Housing Needs Developments:

1. The development proposal has been selected within the past three years to receive City funding (including federal funds such as HOME, CDBG, etc. or local funding such as General Obligation Bond funding) under a competitive application process administered by the Department of Housing and Neighborhood Revitalization and otherwise remains in compliance with all funding requirements;
2. The proposal includes participation by DHFC or Dallas Public Facility Corporation applicable to housing (if created). Such participation must include ownership of the underlying development site by the entity and/or stake in the ownership structure of the development;
3. The proposal involves the redevelopment of public housing owned by the Dallas Housing Authority under the Choice Neighborhoods, Rental Assistance Demonstration, HOPE VI, or other similar HUD programs that may be created;
4. The development proposal is located in a census tract with a poverty rate below **20%**;
5. The development proposal is within any area designated as a Redevelopment Reinvestment Strategy Area ("**RSA**") or a Stabilization RSA in this Comprehensive Housing Policy; or
6. Developments with at least **50** units for which the Owner must enter into an MOU with the lead entity of the Continuum of Care by which the project will prioritize at least **20%** of units for tenants referred from the Continuum of Care Housing Priority List.

The DHFC will take into consideration other HTC application scoring factors listed in the Comprehensive Housing Policy including:

1. Mixed-Income Projects / Percentage of Market Rate Units;
2. Qualified Nonprofit or Historically Underutilized Business on Development Team;
3. Proximity of Amenities to Development Site; and
4. Resident Services

Additional information for the above categories is included in "Criteria for Multifamily Projects" attached hereto as "**Exhibit A**".

It is **critical** that the applicant meets informally with DHFC staff, councilmembers, and neighborhood groups prior to submitting the application.

The DHFC has a Board of Directors of up to fifteen members, appointed by the City Council, which typically meets on the second Tuesday of each month, or as specially scheduled from time to time, in City Hall at 12:00 Noon or another publicly announced alternative meeting time. Meetings are open to the public. The DHFC has retained one or more financial advisors (collectively, "**Financial Advisor**"), outside counsel to the Corporation ("**DHFC Counsel**"), and special bond counsel ("**Bond Counsel**") to review applications and assist with the successful completion and financing of proposed projects.

If you have any questions concerning a proposed application, please contact Aaron Equinto, General Manager of the DHFC at (469) 799 2670 (the "**DHFC Liaison**").

II. GENERAL PURPOSE AND SCOPE OF REGULATIONS

- A. The DHFC was created pursuant to the Act for the public purpose of providing financing and refinancing for the cost of multifamily developments and residential ownership within the City that will provide decent, safe and sanitary housing for persons of low and moderate income, at prices they can afford. The Act authorizes the DHFC to issue its revenue obligations to accomplish such public purpose. The DHFC has adopted these regulations ("**Regulations**"), including the Forms attached hereto and made a part hereof, to set forth general requirements and procedures applicable to the issuance of obligations and acquiring an ownership interest in a residential development by the DHFC to provide financing or operating subsidy in the form of a tax exemption for such residential developments.
- B. The activities of the DHFC shall be limited solely to the accomplishment of the public purposes set forth in the Act, and no plan of financing of any project, including participation by the DHFC for purposes of providing a tax exemption as defined in the Act, and in applicable parts of these Regulations, will be approved by the Board of Directors ("**the Board**") of the DHFC unless and until the Board shall first affirmatively find that such financing and/or partnership and its related project will be in furtherance of such public purpose, to be determined in accordance with the procedures set forth in these Regulations.
- C. These Regulations are intended to apply to obligations issued to provide financing for a single multifamily residential rental development. These Regulations do not apply to any obligations issued by the DHFC for more than one residential development (e.g., loans-to-lenders and similar pooled programs).
- D. The DHFC shall not issue obligations to provide financing or partner for any residential rental development unless the proposed owner of the development ("**Applicant**") has satisfied the requirements set forth herein. **The DHFC reserves the right to impose additional specific requirements with respect to any**

development. Certain specific provisions of these Regulations may be waived by a majority vote of the Board present at the meeting at which such action is taken.

- E. The DHFC, however, is not a lending institution or a zoning approval Corporation. Bonds issued by the DHFC must be investment grade rated which requires “credit enhancement”, or the bonds must be placed with an institutional investor(s), as more fully described in these guidelines. The successful issuance of bonds therefore is dependent to a large degree on the strength and ability of the Applicant to secure credit enhancement for, or an institutional purchaser of, the bonds. The ability of the DHFC to issue tax-exempt bonds is also subject to receiving an allocation of the state volume cap unless the Applicant is a qualified 501(c)(3) nonprofit corporation, and approval of the issuance of bonds by the Dallas City Council.

- F. Need for Financing or DHFC Participation: To qualify for financing the applicant must demonstrate one of the following:
 - 1. Tax-exempt financing or the participation by the DHFC is necessary to comply with the federal and DHFC requirements to operate the project as proposed; or
 - 2. If the project satisfies the federal requirements prior to receiving tax exempt financing or operating subsidy via the tax exemption, the project will increase the number of affordable units or provide new social services as a result of the tax-exempt financing; or
 - 3. The financing and DHFC participation is necessary to retain affordable units which would otherwise be lost (such as the current owner opting out of a HUD assistance program).

- G. Resident Services: It is the policy of the City of Dallas that, as part of its approval of multifamily projects financed with tax-exempt bonds issued by the DHFC or tax credits allocated by TDHCA that require City of Dallas approval, the project owner is required to provide **\$200** per unit per year, with a minimum of **\$40,000** for the project per year, in resident services. Up to **50%** of the required investment may come from in-kind services provided that the City’s Office of Economic Development must give prior approval to the service and to the dollar value to be applied. The cash grants received by the project and applied to the social services for the tenants can count toward meeting the tenant support obligation and personnel costs may be counted to the service obligation only for on-site staff providing full-time social services. A list of potential resident services is attached hereto within “**Exhibit A**”.

- I. Additional Considerations: Where appropriate, based on the tenant population, after school programs are to be the top priority for required resident services followed by job training. The DHFC will require the property owner/manager to provide an annual report on the types of resident services provided, level of funding and effectiveness.

The DHFC will also establish financial penalties for failure to provide the required resident services.

- J. New Construction of Multifamily Units for Special Needs Housing: At the discretion of the DHFC Board of Directors and the General Manager of the DHFC and in conjunction with recommendations from the DHFC Financial Advisor, certain requirements contained in this multifamily policy can be amended on a case-by-case basis. For example, if resident services are donated to the project of equivalent value, then the resident service requirement can be amended to meet the needs of a particular project. Due to the higher cost of creating (and rehabilitating) a special needs project and the increased rental restrictions on such projects, it may also be necessary to amend other requirements in order for the project to cash flow. In addition, due to the requirement for 501(C)(3)s to provide additional reserve accounts that are funded by net cash flow, imposed upon them by their credit enhancers, the amount of net savings from tax exempt financing may be significantly reduced in the early years of the loan.

III. APPLICATION AND APPROVAL PROCEDURES

- A. Filing Requirements: An Applicant desiring DHFC participation in the financing or refinancing of an existing or new construction of a multifamily residential rental development (the "**Project**") shall complete and file with the Corporation the following items:

2. This official action of the DHFC should not be construed as an assurance of private activity bond volume cap allocation for the project, as an indication as to the marketability of bonds, or as the final approval of the bond financing structure by the DHFC, its Financial Advisor, DHFC Counselor Bond Counsel. Rather, it is an indication that the DHFC will attempt to issue

its bonds for the project subject to 1) a readiness to proceed and financing structure approval process, 2) approval of the public hearing results and issuance of bonds by the City Council, 3) confirmation of a private activity bond allocation from the State, if necessary, and 4) market conditions and terms acceptable to the DHFC and to DHFC Liaisons.

After adoption of the inducement resolution or approval of a partnership, it is the Applicant's responsibility to proceed with reasonable dispatch to complete the bond financing or securement of other financing process in a timely manner, including, but not limited to, the payment of any additional fees or the filing of any required applications, documents, etc.

In the case of a private placement transaction, the DHFC with an executed investment letter from the investor purchasing the bonds substantially to the effect that: (1) it is engaged in the business, among others, of investing in tax-exempt securities or (2) is an "accredited investor" as defined in Regulation D, Rule 501

The maximum incomes can go as high as **140** percent of the median income and it is entirely up to the DHFC to determine what those limits will be. The remaining **10** percent of the units
